Palisade, Colorado

A World Apart

Experience the romance of the vineyards at the Wine Country Inn, the state's first wine-themed hotel located in Palisade, Colorado. Stroll through the working vineyards that surround the Inn. An 80-room, Victorian style complex, our boutique hotel sits in the middle of 21 acres of vines that produce grapes, which are crushed and bottled as our signature label wines. The Inn is adjacent to two wineries and a short drive or bike ride from two dozen more.

Get to know our ever-expanding wine industry, popular orchards and local art scene while pampering yourself with first-class accommodations. Enjoy the slower pace of small town life. As we like to say in Palisade, "Life tastes good here."
